Hazardous Weather

Hazardous Weather

Temperatures on Wednesday will be very close to seasonal averages for this time of year. Isolated thunderstorms will again be possible during the afternoon and early evening.

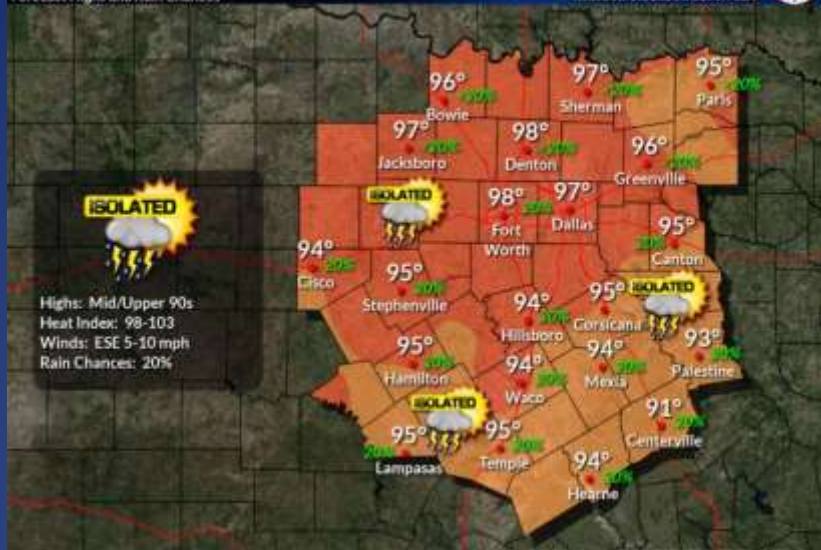

Isolated thunderstorm activity will gradually diminish this evening, with skies becoming partly cloudy overnight.

Hazardous Weather

Widely Scattered Storms Today

Forecast Highs and Rain Chances

Weather Forecast Office
Fort Worth, TX
Issued Jul 28, 2021 5:52 AM CDT

NWSFortWorth

weather.gov/fortworth

More widely scattered showers and thunderstorms will develop across North and Central Texas today with the best coverage expected south of I-20. High temperatures will top out in the mid to upper 90s with heat indices between 98-103.

Heat Advisory in Effect Wednesday

Valid from 12:00 PM to 7:00 PM CDT

Weather Forecast Office
Shreveport, LA
Issued Jul 28, 2021 3:54 AM CDT

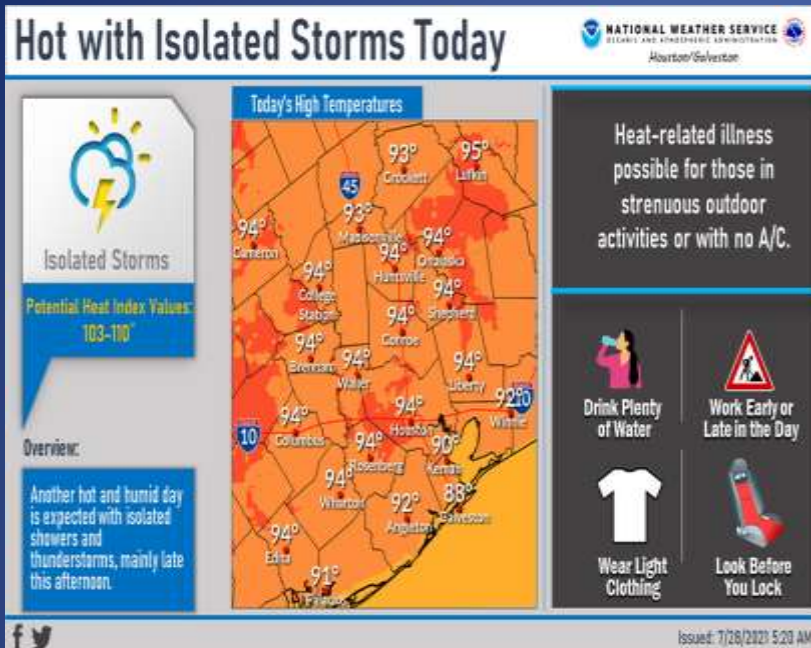

NWSShreveport

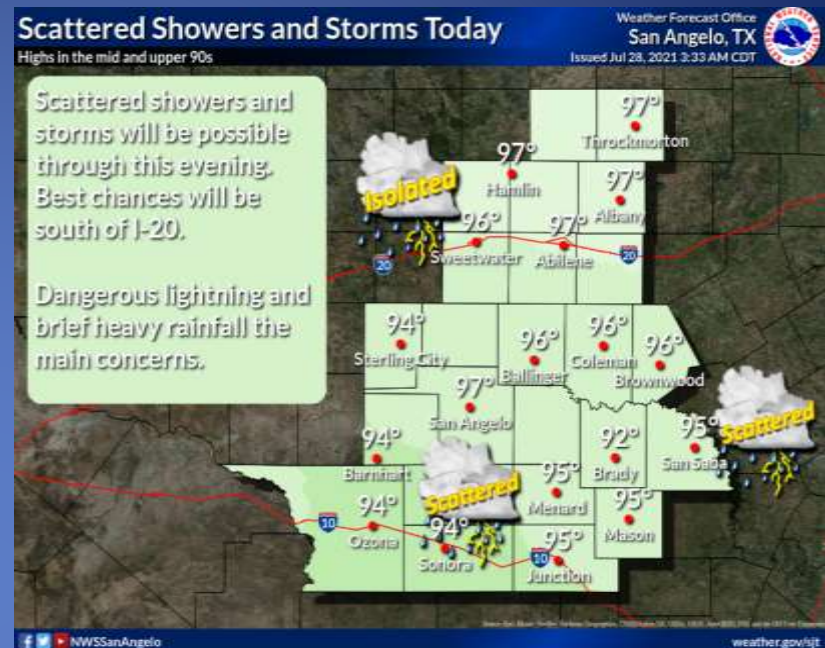

weather.gov/shv

Hot and humid weather will continue on Wednesday with Heat Index values climbing to between 105 and 110 degrees during the afternoon hours.

Hazardous Weather

Hot and humid today with a chance for showers and thunderstorms late this afternoon and evening.

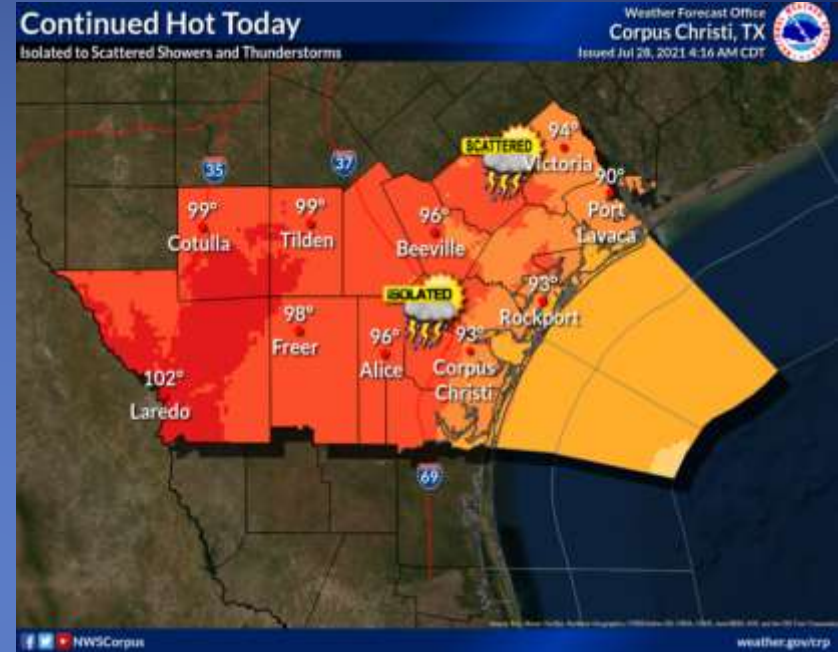

Scattered showers and storms expected today with highs in the mid and upper 90s.

Hazardous Weather

Isolated to scattered showers and thunderstorms are possible today across parts of the area especially the NW and East. Temperatures will be running around the low to mid 90s most areas and near the 100 degree mark along the Rio Grande.

After early morning fog, we can expect another hot day with highs ranging from 90 to 102 under mostly sunny skies. Heat indices of 105 to 109 are possible, with some locations briefly reaching heat index values around 110. Stay cool and hydrated! Isolated to scattered showers and thunderstorm will be possible along the sea breeze.

Hazardous Weather

Tonight...

Near- to above-normal temperatures and isolated storms...

weather.gov/mof

Near- to above-normal temperatures and isolated thunderstorms this evening are.

Wednesday: Rain Chances Continue

Afternoon High Temperatures

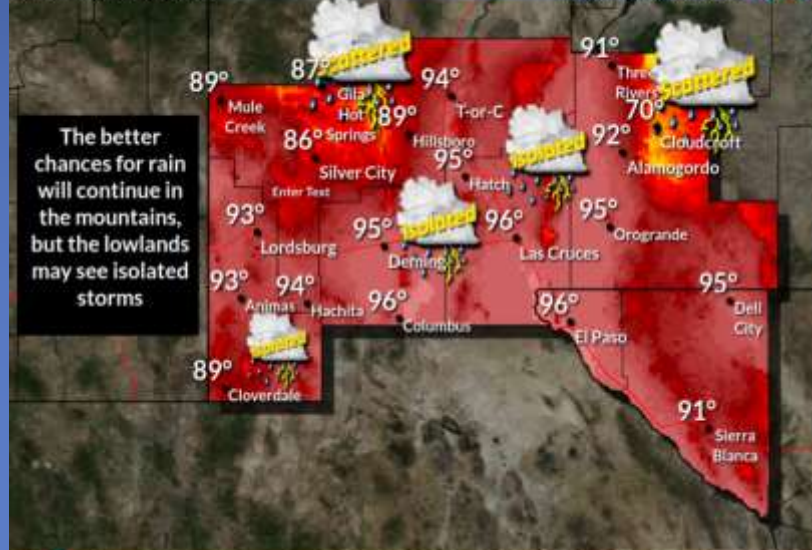

Weather Forecast Office

El Paso, TX

Issued Jul 27, 2021 7:37 PM MDT

The better chances for rain will continue in the mountains, but the lowlands may see isolated storms

f t @NWSElPaso

weather.gov/EIPaso

Wednesday: Will look a lot like Tuesday with above normal temperatures and afternoon storm chances. Storm chances will be greatest in our mountains, but a few isolated storms may form in the lowlands.
